## A “Once in a Century” Opportunity

Dear Fellow Numismatist,

As a discerning coin buyer, nothing makes me happier than to share truly remarkable numismatic items with coin collectors like you.

In this case, I’m referring to the **2021 Morgan & Peace Dollars PCGS First Strike** collection—a complete 6-piece set with every coin in perfect Mint State 70 condition.

### **Stirring design. Superb artistry. Historical authenticity.**

To celebrate the final issue of the Morgan Dollar and the first issue of the Peace Dollar 100 years ago in 1921, the U.S. Mint brought back two acclaimed, illustrious designs in 2021. Using modern technology, the 2021-P Peace Dollar faithfully brings back Anthony de Francisci’s depiction of Lady Liberty in breathtaking High Relief quality—struck in 99.9% silver.

During the four decades that the Morgan Dollar was minted, it was struck at 5 different mints. Today, only the Philadelphia, San Francisco, and Denver Mints are still in operation—but the new 2021 Morgan Dollar will also proudly display the “CC” and “O” privy marks to pay homage to the former Carson City and New Orleans Mints.

Every Morgan Dollar and the Peace Dollar released in 2021 is included in this 6-piece set, each graded in perfect Mint State 70 condition, making this as complete and perfect a collection of these coins as you’ll ever find.

As only a tiny mintage of these coins were produced, supplies are extremely limited. But if you act now, you can get these “century in the making” coins for a short time from Rare Collectibles TV.

Founded in 2014 by my fellow expert numismatist Rick Tomaska and me, RCTV is known around the world for offering only the best collectible numismatic treasures—like this **Set of 6: 2021 Morgan & Peace Dollars PCGS First Strike** collection.

### **Supplies are extremely limited. Act now.**

These coins sold out at the U.S. Mint in minutes! Perfect Mint State 70 graded examples are in an even smaller population, so it is impossible to overstate the scarcity of this collection. Each 2021 Morgan Dollar issue will have a mintage of only 175,000, while the 2021 Peace Dollar will have an equally low mintage of only 200,000, making each example in this set an Absolute Rarity.

*It is impossible to overstate the scarcity of this collection. As the news spreads, we expect determined collectors to try to acquire all the sets in record time.*

*(continued on back)*

That's why we wanted to bring this special invitation to your attention quickly, so that you could be among the first to own a set while supplies last. Because they won't last long, I urge you to place your order without delay—right now, if at all possible.

**To lock in your order for the set of 6: 2021 Morgan & Peace Dollars PCGS MS70 First Strike for only \$2,695.00, call toll-free (800) 233-4145 or go to [RareCollectiblesTV.com](http://RareCollectiblesTV.com). If you order today, you will enjoy free shipping on your order!**

To further enhance their value, each PCGS holder is clearly marked with a First Strike label indicating that the coin was purchased on First Strike issuance and sent to the grading service within 24 hours of issue.

# The Essential Morgan Dollar Reference Guide

In this meticulously researched resource, Michael “Miles” Standish tells the engaging story of America’s push to the Wild West during the Morgan Dollar Era and how this coin became widely sought after and beloved by collectors everywhere. Standish explores all aspects of the Morgan Dollar, including the symbolism of the designs, strike characteristics, retail pricing, and much more. A stunning array of photographs makes the coin issues come alive in breathtaking detail. This is a book all Morgan collectors will cherish.

A highly regarded numismatist and coin grader, Standish is a former Senior Grader and Vice President of Business Development at PCGS and was Vice President of NGC in 2015.
