Dear Subscriber:

Risk and reward. The two-sided coin of investing.

Empowering you to make sound decisions and enriching your portfolio is what we do at *Personal Finance*. You're our biggest investment.

That's why we're pulling out all the stops ... assuming all the risk ... and giving you all the rewards. **Let me explain:**

It costs us time and money to mail, process and track renewal reminders. It's a drain on us and a bother for you. So the five of us got together and decided to take a big risk by offering everything ... up to five reports ... in one place, at one time ... to subscribers who renew now instead of later.

Let me say that again:

Renew your subscription to *Personal Finance* today ... save us the cost of future renewal notices ... and you'll get up to 5 Special Reports for your loyalty. It's like getting your own Investor's Library FREE!

Whew! You may not need all the stocks in all the reports, but isn't it nice to know that you've got them — at no cost?!

Not only that, *but* ...

... you'll get *Personal Finance* at our **LOWEST RATE** and protect yourself against a future price hike. You'll get continuous, uninterrupted service. Never miss a single issue. You'll get the Daily Post-Bell Wrap-up and the Weekly Market Overview online — ready when you are.

As always, you and your subscription are fully protected by our money-back guarantee.

We'd like to invest in you! May we count on you to invest in us?

Just follow the instructions on the Renewal Savings Coupon.

Or go to www.pfnewsletter.com/renew or call 1(800) 832-2330 for fastest service.

Sincerely,

Neil J. George
Editor

P.S. I hate to sound like a broken record, but I'm not kidding: we simply can't offer this "dream package" deal again. Don't let it slip by!

Volume 1: 5 Tech Stocks Set To Soar

Everyone is familiar with Microsoft and Cisco, but which companies will be in the news tomorrow and the day after? We've pinpointed 5 little-known tech champs expected to return tidy gains for their investors. Each is a leader in its field, each in a high-growth industry. Discover

our carefully selected picks of the most promising companies in the semiconductor, telecom, software and communications equipment sectors.

Volume 2: Value Stock Funds Set To Flourish

The market bust of 2000 brought investors to their senses when it came to value stock funds. Instead of being in funds with out-of-control valuations, investors want something new but old: solid mutual funds that promise steady growth over the long-term. As smaller value growth stocks continue to outperform the big cap averages, you'll find the funds that will flourish in this special report, including small, mid and large caps, REITS and more. **FREE**

Volume 3: 6 Global Powerhouse Companies For Every Kind of Portfolio

The worldwide demand for everyday consumer goods and products and services is unrelenting. The companies that can meet that demand will make big profits for themselves — and their investors. In this special report, you'll learn which

companies are establishing a global dominance and which can capture revenues in markets around the world.

Volume 4: 10 Outstanding Everyday Stocks To Own

Just because a company is established and produces a well-known product doesn't necessarily mean it's a good investment. Sluggish growth, overvaluation and lackluster marketing can pull down an otherwise strong company. So what brand name firms should you invest in? Find out in this special report. We select our 10 favorite consumer brand companies that perform well, now and for years to come.
